FOR IMMEDIATE RELEASE

Clearing the Air at Bush Airport Introducing E copark

HOUSTON, TX. (March 31, 2011) – Prototypes from a new fleet of compressed natural gas (CNG) powered buses will be on display at Houston City Hall on Friday, April 1, 2011, to highlight the debut of the new ecopark facility; an environmentally friendly economy parking area at George Bush Intercontinental Airport (IAH). Houston Mayor Annise Parker, Director of Aviation Mario Diaz, and Apache Corporation Chairman and Chief Executive Officer G. Steven Farris will introduce this latest contribution to the city of Houston's Green Initiative, during a news briefing from 8:00 a.m. -8:30 a.m. They will also discuss the new CNG fueling station to be constructed by Clean Energy and Apache Corporation, then donated to the city of Houston to support the fueling needs of the fleet, and how the new busses will dramatically reduce greenhouse gases and particulate matter at the airport.

WHO: Mayor Annise Parker, Director of Aviation Mario Diaz, Apache Corporation Chairman and Chief Executive Officer, G. Steven Farris, New South Parking, Clean Energy.

WHAT: News briefing and unveiling of eco-friendly compressed natural gas powered bus prototypes for the new ecopark facility at George Bush Intercontinental Airport.

WHEN: Friday, April 1, 2011, 8:00 a.m.-8:30 a.m.

WHERE: Houston City Hall -front steps, 901 Bagby Street

WHY: This unique collaboration between the public sector and the private sector energy giant Apache Corporation – a leading producer of natural gas in North America – will contribute momentum toward the goal of making Houston among the top environmentally sensitive cities in the United States. The CNG powered buses are expected to dramatically reduce airport bus emissions in the form of particulate matter and greenhouse gases.

###

The Houston Airport System (HAS) served more than 49.5 million passengers in 2010, ranking as the 4th largest multi-airport system in the U.S. Houston's three airports, George Bush Intercontinental Airport (IAH), William P. Hobby (HOU) and Ellington Airport (EFD) contribute more than \$24 billion to the regional economy. IAH is the 7th busiest airport in the nation and is the largest hub for the world's largest airline. IAH and HOU offer 21 airlines providing nonstop flights to more than 180 destinations worldwide. For more information, visit fly2houston.com and follow us @IAH and @HobbyAirport.
