District 133 Newsletter

"Honor the Texas flag; I pledge allegiance to thee, Texas, one state under God, one and indivisible."

Dear Friends,

This has been a busy interim in our community. I have been out in the district visiting with local schools, businesses and community organizations and attending their events.

Visiting with our students, teachers, and administrators is one of the most enjoyable "duties" I have as member of the Legislature. Recently I attended the groundbreaking of the wonderful Rummel Creek Elementary, I met star students at KIPP SHARP who impressively memorized pieces of my Charter School bill from last session, and met Briargrove Elementary Roadrunners who certainly know their Texas facts. Each of these students explained what they were working on in their classrooms, and I was able to talk to them about our state government and my work as their Representative. They are why I do my job. What an inspiration for a bigger and better Texas.

We hope everyone is gearing up for a great summer. There are many great things happening in our city. If you choose to venture outside our city limits, we wish you safe travels. For

an inside view of what I'm doing around town and how impressive your neighbors are, please like our [Facebook page](#) and follow us on [Twitter](#) for continuous updates. It is a great community we live in!

Don't forget Dad!

Father's Day is Sunday June 15th and as a father, Representative Murphy really enjoys this day. [Southern Living](#) wrote a great article with some fun summer to-dos in Houston. Below are a few of my recommendations for places to go for Father's Day:

- Eddie V's at CityCentre: This place has a great blend of Surf N' Turf. Recommendation: Ahi Tuna Steak
- Cyclone Anaya's at CityCentre: Excellent, authentic Tex-Mex restaurant. Recommendation: Tacos Al Carbon
- Perry's off of Katy Freeway: Great steakhouse. Recommendation: Anything
- Top Golf: This arcade take on golf is guaranteed fun for the whole family and a good chance for dads to show off their golf skills.

Fagle's Trace Artists

Congratulations to Jade Boebinger, Ed Hulyk, and David Jackson, the winners of the "Art is Ageless" contest, which showcases art from Texans across the state's retirement communities. It's great to know that our constituents are participating in statewide art programs. Way to go!

Here's to a Healthier Houston!

Mayor Parker announced last Friday a groundbreaking partnership between Centerpoint Energy and City of Houston to provide new Hike and Bike trails for Houston's residents. This will save energy and improve the health of the residents of Houston. With the help of Senator Ellis, our office worked hard last session and successfully passed a bill to make this happen. Mayor Parker said it best: "our partnership with CenterPoint will reduce Houston's carbon footprint, increase the quality of outdoor lighting, improve connections in our burgeoning hike and bike trail system and improve the quality of life and safety of residents, all while saving the City money."

Need a Speaker?

Do you need a speaker at your next business meeting? Would your church, club, or civic group enjoy a visit? Representative Murphy loves seeing new faces around the district.

Please email [Deanna Harrington](#), our District Director, if you are interested in setting up an event.
